Two original, six copies, and one reproducible electronic copy of the Respondent's Proposal shall be submitted in sealed envelopes or boxes marked "Proposals for Drilling, Construction and Testing of Upper Floridian Aquifer Wells #8, 9, 12 and 13 for the City of Hialeah's Brackish Groundwater RO Project." Envelopes or boxes shall show the Respondent's name and address in the upper left-hand corner. Submittals will be opened immediately following the submittal closing time and the names of all Respondents announced electronically. Submittals received after the date and time specified above will not be considered. Submittals must be made in strict accordance with the requirements of this RFP.

A Bid Bond in the amount of 5% of the Total Bid Price shall be submitted with the proposal.

The Joint Participation Agreement (JPA) between the City of Hialeah and Miami-Dade County calls for the phased construction of a 17.5-MGD brackish water RO water treatment plant ("ROWTP"). The proposed ROWTP will get its water supply from new deep brackish wells and will dispose of the concentrate from the plant via two (2) underground injection wells, pursuant to stringent timing requirements.

The Contractor and subcontractors shall comply with the supplemental general conditions – wages and benefits schedule for construction type "HEAVY" of the latest and current version of the responsible wages and benefits provided in 2-11.16 of the Code of Miami-Dade County, Florida.

City of Hialeah reserves the right to waive any minor irregularities in any proposal, to reject any or all proposals, and to re-solicit for proposals, as may be deemed to be in the best interest of City of Hialeah.
